PhilDev

Philippine Development Foundation (www.phildev.org) is a non-profit organization in Menlo Park, CA and Manila, Philippines. The foundation's Mission is sustainable, long-term economic growth for the Philippines. Our market-led strategy is to further develop the nation's economy with the advancement of science and technology through programs in high-tech education, research and entrepreneurship training.

Please join us for an evening of fun-filled Music, Dance and Entertainment as we celebrate and build on Philippine Development Foundation's (www.phildev.org) goals of Education, Innovation and Entrepreneurship. We are delighted to report Phildev's achievements through its Scholarship Fund thus far:

- launch of IDEA program, in partnership with USAID
- IDEA program's first and successful entrepreneurship workshop and symposium in March, 2014
  - attended by 150 students
  - symposium attended by over 900 people
  - attendees and speakers ranged from some of the Philippines' top government leaders to educators, students, entrepreneurs and premier business visionaries
- 80 students in Science and Technology have been selected under the Phildev Scholarship Fund

Our efforts continue throughout the year as Phildev hosts more entrepreneurship workshops in addition to bringing top US professors to the Philippines to work in tandem with local universities. Your support will enable us to continue to develop and execute our long-term strategic initiatives around high-tech development that will drive our mission of sustainable economic growth in the Philippines.

We thank you for your support and look forward to seeing you grooving on the dance floor.
