We need your feedback!

Please join us for one of the upcoming workshops to discuss the Chapter 14B Local Business Enterprise (LBE) program in the City and County of San Francisco. We are conducting community outreach throughout the summer of 2014 to help inform legislative and administrative improvements to the program. Your feedback is vital to ensure that the LBE program continues to support local businesses and the community in the City contracting process.

The purpose of the LBE program is to help small local businesses compete effectively for City contracts. To learn more about the LBE program and other ways to get involved in the outreach effort please visit www.SFLBE14B.com. There you can sign-up to join our email list and have an opportunity to fill out a survey that we will be distributing soon to collect your feedback.
